Target Levels	Topics/Lessons	GY Learning Outcomes	Time Period
		<ul style="list-style-type: none"> state some benefits of waiting to go steady 	

[eTeens Programme](http://www.moe.gov.sg/education/programmes/social-emotional-learning/sexuality-education/files/eteens-2012.pdf): <http://www.moe.gov.sg/education/programmes/social-emotional-learning/sexuality-education/files/eteens-2012.pdf>

8. *eTeens* is a programme developed by Health Promotion Board, in collaboration with the Ministry of Education, for Secondary 3 students. The programme was introduced to secondary schools in 2007 as the Breaking Down Barriers (BDB) programme, to provide students with accurate information on STIs, HIV and protection from a health perspective. *eTeens* is conducted in two segments – a mass talk segment and a classroom-based programme.

9. Students are taught skills such as decision-making, assertiveness and negotiation to say “no” to sex and negative peer pressure. They also learn that the impact of STIs/HIV extends beyond themselves and involves their family. Abstinence and upholding family values are the key messages. The desired outcome of the *eTeens* programme is that students are empowered to make wise, informed and sensible decisions.

At Victoria School, the *eTeens* programme will be implemented as follows in 2018:

Topics/Lessons	Programme Learning Objectives	Time Period
Mass Talk by HPB appointed vendor	<ul style="list-style-type: none"> Awareness of the different STIs and HIV/AIDS Modes of transmission Modes of protection, specifically on how the condom is used Consequences and impact of STIs/HIV 	Term 3
